

## Privacy Policy

### 1. Introduction

The purpose of Visent Coders' Privacy Policy is to describe how Visent Coders collects, processes, and uses information about you in our applications. Please read the following information carefully. If you find something incomprehensible do not hesitate to contact us at the email address: [hello@visentcoders.com](mailto:hello@visentcoders.com)

In our Privacy Policy you will find the answer to the following questions:

- a. Do we collect any data about you?
- b. Who is the manager of data?
- c. Where can you access and edit your data?
- d. How safe is your data?

### 1. Your data processed by Meetinga application

Visent Coders does not collect any data about you until you register. The manager of data we process is the third party, i.e., the organizer of the event which you take part in. As a result of processing personal data (i.e., the chat module) we may have access to the following information:

- Name and surname
- E-mail address
- Position
- Company
- Phone number
- Photograph

Information that we download automatically, but which at the same time unable to identify the user:

- Phone language

### 2. How do we use data?

All the above-mentioned data is used to provide service, carried out by our mobile and web applications. You receive a confirmation email. Data listed in the second point of privacy policy is used in the network module (for example) that enables the participants of the event to establish contact and communicate via general chat and 1:1 chat.

Other participants of the event that are logged into the network module can see your name, surname, and optionally: photograph, position, and company. Your e-mail address and optionally a phone number are visible only after you accept the invitation from another user logged in to the network module of the application.

As Visent Coders, the owner of Meetinga app we do not use your data that we process in any other way except to provide you a service of Meetinga application. We do not provide this data at any other third-party. Your data can be visible to the third-party only if the third-party is an event organiser in Meetinga app and you registered at him or hers event available in the application.

### 3. Access to your data

You have access to your data via the application available during the event you participate in. You log in to the application by using data (login and password). Once you are logged in you have access to your data with the possibility of editing it.

If you want to delete your account from the application, you can do it in two ways:

- You can contact the organizer of the event
- You can contact Visent Coders via e-mail: [support@visentcoders.com](mailto:support@visentcoders.com) (please include the following information:
  - o e-mail address, which you use to register/log in to the application,
  - o name of the event/application
  - o title of the e-mail: "Delete Account"

#### **4. Safety of your data**

Your data in the application is protected by a password. It is not connected in any way with your personal profiles on social media, i.e., LinkedIn or Facebook. Additionally, communication between the application and the server is protected by SSL certificate (messages sent via chat in network module are coded). Access to the application's administration panel is protected by administrator's login and password.

We would like to stress the fact that the Internet is not a 100 % safe place; therefore, we cannot guarantee 100 % safety of your data, i.e., we cannot guarantee that your data will remain inaccessible or will not be destroyed.

#### **5. Changes**

Our Privacy Policy may change from time to time; however, we do not limit your rights or process more data about you than usual. In case of significant changes in our Private Policy, which may directly affect your data (especially security or availability) you will receive a direct message from us (via email and notification in the application). Additionally, Privacy Policy is available on our website and at your request we can provide the archival version of the document.

#### **6. Contact details**

If you have any questions or concerns, please do not hesitate to contact us at any time via e-mail: [hello@visentcoders.com](mailto:hello@visentcoders.com) or [support@visentcoders.com](mailto:support@visentcoders.com)
